

The 2011 edition of the Drive for the Cure Golf Classic will be taking place on Thursday, June 23rd, 2011 at the exclusive Fontainebleau Golf Club. The Royal Victoria Hospital Foundation is pleased to authorize Mr. Dan Klimas, volunteer President/Founder of this event, to solicit donations in support of the Drive for the Cure Golf Classic. This event has raised important awareness for the Hematology department's Lymphoma Research Fund at the McGill University Health Centre's Royal Victoria Hospital for the last 4 years.

The Lymphoma Research Fund at the RVH dedicates its resources to improving patient treatments through the development of clinical trials, the investigation of promising treatments for malignant lymphoma and related hematologic malignancies. The fund also supports research activities at the preclinical or basic level in collaboration with investigators at the McGill Cancer Center. Special projects related to clinical patient care are also considered on a need basis.

The MUHC is a comprehensive academic health institution with an international reputation for excellence in clinical programs, research and teaching. The Royal Victoria Hospital is one of the MUHC's five teaching hospitals, along with the Montreal General, the Montreal Children's Hospital, the Montreal Chest Institute and the Montreal Neurological Hospital. As part of the global redevelopment project of the MUHC, the Royal Victoria will relocate to new premises on the Glen Campus. We have been working hard at ensuring a proper and timely transition as the hospital prepares for the exciting, yet challenging move.

We thank you in advance for considering your support by participating in this very worthwhile event. We are very appreciative of all of the efforts involved in the organization of the Drive for the Cure Golf Classic and wish the volunteers another great success in 2011.

Yours truly,

Paulanne Jushkevich, MA, CFRE
President
